

اسم المجلة	صنف البحث	اسم البحث	الاسم الكامل
Teikyo Medical Journal	مشترك	Branched Chain Amino Acids Relationship with Insulin Resistance in Patients with Type 2 Diabetes Mellitus	الاء خليل علي رحمة الخالدي
1		المجموع	
Annals of the Romanian Society for Cell Biology	مشترك	Review- Using the Traditional Herbs for Treatment of Coronavirus	سيماء حسن شلال خزعل النصار
1		المجموع	
	2		المجموع
University of Thi-Qar Journal of Science (UTsci)	منفرد	Mushroom (Amanita phalloides) Poisoning: Mechanisms, Pathogenesis, Prognosis and Strategies of Treatment	افراح ذياب هليل طاهر العصمي
1		المجموع	
Reports of Biochemistry and Molecular Biology	مشترك	Kinetic Changes of Ptdins (3,4,5) P3 within Fast and Slow Turnover Rates of Focal Adhesion	ضرغام كاظم فاخر دهيش الفهد
Reports of Biochemistry and Molecular Biology	مشترك	A Comparative Study to Visualize PtdIns(4,5) P2 and PtdIns(3,4,5) P3 in MDA-MB-231 Breast Cancer Cell Line	
Journal of Travel Medicine	مشترك	Heterologous prime–boost strategies for COVID-19 vaccines	
3		المجموع	
Annals of the Romanian Society for Cell Biology	مشترك	Review of Beta lactams	علي طاهر عباس محمد الوائلي
International Journal of Health Sciences	مشترك	Serratia marcescens isolated from neonate patients with septicemia and study of the inhibition effect of Garlic plant extracts compared to antimicrobial agents in Thi Qar province in Iraq	
2		المجموع	
Annals of the Romanian Society for Cell Biology	مشترك	Phytoconstituents Screened of Grapefruit Peels with Antimicrobial Properties of Naringin and Naringenin Extracted and Isolated from its	فاضل محسن حمد جابر الحسيني
1		المجموع	
International Journal of Health Sciences	مشترك	Evaluation of the renoprotective effects of metformin nanoparticles in rats with diabetic nephropathy	فراس فاضل علوان حسين الياسين
Reports of Biochemistry and Molecular Biology	مشترك	A Comparative Study to Visualize PtdIns(4,5) P2 and PtdIns(3,4,5) P3 in MDA-MB-231 Breast Cancer Cell Line	
Reports of Biochemistry and Molecular Biology	مشترك	Kinetic Changes of Ptdins (3,4,5) P3 within Fast and Slow Turnover Rates of Focal Adhesion	
Jundishapur Journal of Microbiology	منفرد	Investigation of the Hypoglycemic Effects of Metformin Nanoparticles-Loaded ZnO Nanoparticles in Rats with Type Two induced Diabetes	
4		المجموع	

11			المجموع
Annals of the Romanian Society for Cell Biology	مشترك	Phytoconstituents Screened of Grapefruit Peels with Antimicrobial Properties of Naringin and Naringenin Extracted and Isolated from its	بسام عبد الحسين حسن ثامر ال حسين
International journal of health science	مشترك	Theoretical study of Schiff bases and ? ts pharmaceutical activity: Review	
International journal of health science	مشترك	Theoretical study of Schiff bases and ? ts pharmaceutical activity: Review	
Annals of the Romanian Society for Cell Biology	مشترك	Review of Beta lactams	
Azerbaijan Medical Journal	مشترك	Synthesis and Spectral Identification of Oxazepine Derivatives	
Annals of the Romanian Society for Cell Biology	مشترك	Theoretical study of synthesis and pharmaceutical study of Tetrazine deri	
Annals of the Romanian Society for Cell Biology	مشترك	Review- Using the Traditional Herbs for Treatment of Coronavirus	
International journal of pharmaceutical and clinical research (Dhaka. Online)	مشترك	Theoretical study of synthesis and pharmaceutical activity of 1, 3, 4-oxadiazole derivatives	
International journal of pharmaceutical and clinical research (Dhaka. Online)	مشترك	Theoretical study of pharmaceutical activity for alkaloids extracted from plants	
9		المجموع	
Materials Science for Energy Technologies	مشترك	Extracted lignin from oil palm empty fruit bunch as natural eco-friendly poly (vinyl chloride) photo-stabilizer	زياد صالح فاضل حمزة المحياوي
GSC Advanced Research and Reviews	مشترك	THE USAGE OF LIGNIN IN TWO SIGNIFICANT APPLICATIONS: AS ADSORBENT SURFACE OF WATER POLLUTANTS AND ANTIOXIDANT OF PLASTIC POLYMERS	
GSC Advanced Research and Reviews	مشترك	THE USAGE OF LIGNIN IN TWO SIGNIFICANT APPLICATIONS: AS ADSORBENT SURFACE OF WATER POLLUTANTS AND ANTIOXIDANT OF PLASTIC POLYMERS	
3		المجموع	
Annals of the Romanian Society for Cell Biology	مشترك	Phytoconstituents Screened of Grapefruit Peels with Antimicrobial Properties of Naringin and Naringenin Extracted and Isolated from its	فرقد محمد باقر حسين الربيعي
International journal of pharmaceutical and clinical research (Dhaka. Online)	مشترك	Theoretical study of synthesis and pharmaceutical activity of 1, 3, 4-oxadiazole derivatives	
Efflatoun's journal of entomology	مشترك	Green Chemistry. Review	
International Journal of Pharmaceutical Science and Research	مشترك	Review. nomenclature systems of tetrazine and its pharmacology application	
4		المجموع	
NVEO - Natural Volatiles & Essential Oils	مشترك	Synthesis and characterization of Some New?-Lactams derivatives under Microwave Irradiation	مريم علوان عبد الرضا عروبي العكيلي
1		المجموع	
University of Thi-Qar Journal of Science (UTsci)	مشترك	Synthesis, Characterization of some New 4-Thiazolidinone of Acenaphthoquinone	منتهى ياسين حيال ربيع الخفاجي
International journal of pharmaceutical and clinical research (Dhaka. Online)	مشترك	Theoretical study of synthesis and pharmaceutical activity of 1, 3, 4-oxadiazole derivatives	
2		المجموع	
19			المجموع
Current Pediatric Research	مشترك	Genetic variation of mtCOX1 gene for Iraqi patients with tetralogy of fallot	مكارم محمد علي حسن الحاج
1		المجموع
